DOG RULES The following rules must be strictly observed by owners of dogs of all sizes and at the same time form part of the general rules of the Camping Miralago Resort.

1. The dogs are to be strictly leashed or fenced on the entire site of the camp site in such a way that they are only on the rented plot and are as quiet as possible there. Overcasting on the plot is not permitted.
 2. When you leave your parcel for purification, the four-legged friends are on the short leash i.e. no more than 1.5 m long, in the middle of the paths and roads leading directly to the dog beach or out of the campsite.
 3. The marking or overcasting of your four-legged friend must never be done on the general areas or on the side plots on the roads and paths.
 4. The free running of the dogs is only allowed on the dog beach and on the defined dog playground.
 5. Taking your dogs to the loungers on the general areas behind the dog beach and the villa is permitted, but only with a short leash and directly. (see point 3). The four-legged friend is on a leash there and has to be kept calm. Under no circumstances may he be on the beds and couches there. (Hygiene)
 6. There are several dog waste containers with dog bags on the premises. On the entire site of the Camping Resort Miralago, the dog's dog must be picked up by the owner of the dog. If there is a problem with thin bowel movements, the area needs to be cleaned with sufficient water.
- The new and precisely formulated rules for dogs applies to all tenants, visitors and guests. We would like to appeal to and trust your personal sense of responsibility. Obvious disregard for those rules concerning dogs may lead to removal from the camping site.
